BK VERTICAL LOFT

Brooklyn, New York

ARCHI-TECTONICS NYC, LLC

2026 Professional Honor Award

Photography: Evan Joseph

About the project

The BK Vertical Loft transforms a 5,955-square-foot former industrial steel workshop in Carroll Gardens, Brooklyn, into a light-filled urban triplex, using interlocking volumes, dramatic vertical voids, and a rooftop oasis to create an open, connected, and adaptable home for a family of four.
