ARCHI-TECTONICS NYC, LLC

Founded in 1998 by Winka Dubbeldam, and now co-led with Justin Korhammer (2016), Archi-Tectonics is a global design studio headquartered in New York City, with offices in Los Angeles, Amsterdam and Hangzhou. The firm is engaged in over 250,000 sqm of new developments across North America and Europe, including an urban superblock of 31-story residential towers and urban forest in Albania. We understand that true design leadership entails holistic integration, teamwork, innovation and acting responsibly, both globally and locally, to create a future we all want to live in.
